HOC SIGNO FORTUNA.

BALTIMORE, THURSDAY, JUNE 5, 1823.

We once more have to call the attention of the friends and customers to our office, as being most singularly fortunate, in disposing of the Capital prizes in the Baltimore Lotteries—scarcely a drawing takes place, that we have not to record an additional prize, to the already extensive list of prizes sold at this establishment—in the present instance we have to state, that at the third drawing of the Washington Monument Lottery, which took place yesterday, we had the pleasure of selling No. 8779, which drew, and is entitled to the brilliant little sum of FIVE THOUSAND DOLLARS—the Cash is ready for the fortunate owner on presentation—we can only mention at present, that the ticket is held in *Virginia*, thus adding another to the many splendid prizes which that State, has of late obtained—we hope to be enabled previous to our next publication, to announce the name of the possessor.

Tickets in the Monument and State Lotteries, are selling rapidly, and all orders are requested to be sent on without delay—address

J. I. COHEN, Jr.

114 Market street, Baltimore.

## The Lottery Gazette &amp; Register

Containing the drawings both of the *Grand State* and *Monument* lotteries, is regularly forwarded to our correspondents, and also to such of our customers, who requested to be furnished with it.—Should any of them at any time, not reach their destination, by informing us of the failure, we will immediately send on a duplicate.

The 4th drawing of the Washington Monument Lottery 6th class, will take place on Thursday 19th.

It is stated on the authority of the Norfolk Herald, that both Commodore Daniels and Captain Christie, of the Columbian Navy, who were captured in the Maria Francisca, in the recent action with the Spanish fleet, have been exchanged.

PROVIDENCE, (R. I.) May 28.

*New State.*—The commissioners from the province of Guatemala arrived in this town on Friday evening, from Boston, and took passage in the steam boat on Saturday morning for N. York, on their way to Washington.

## The Great Match Race.

In our last week's Register we had just time to announce the result of the great race at New-York, between ECLIPSE and HENRY—to day we devote nearly the whole of our columns with an account as much in detail, as our limits will permit. It will be seen that the race was well contested, and was barely won by Eclipse.

When it is considered that *Henry*, in consequence of the regulations peculiar to *New York*, carried *twelve pounds* more than any horse of his age would carry, on any other course either in *America* or *Great Britain*, and that *seven pounds* is calculated to make in four miles, the difference of a distance, it must be allowed that the *Virginian* champion made a GREAT RACE.—In fact, that according to the calculation just stated, *Henry*, had he not carried the twelve pounds beyond what his age and general sporting regulations justify, would have distanced *Eclipse* the first heat!—Besides, *Eclipse* has been trained upon the *New York* course, and his rider has been long acquainted with every

foot of it, great advantages in the calculations of sportsmen.

There is a slight variation in the statements of the time occupied in running the first heat—the editor of the *New-York Gazette* says it was run in the unprecedented period of 7 minutes 37 seconds—the editor of the *National Advocate* says, the time occupied was nearly 7 minutes 38 seconds—the editor of the *American* says, the heat was run in the extraordinarily short time of 7 minutes and 39 seconds.

Considering that the *Virginian* horse *Henry* is not yet four years old, he may be justly ranked as one among the finest and swiftest horses in the world.

*First Heat.*—About ten minutes after one P. M. both horses set off at the tap of the drum, *Henry* taking the lead and keeping it the whole four miles, came in about half a length ahead. Although several efforts were made by the rider of *Eclipse*, a young man whose name we do not recollect, to pass his antagonist, still he could not accomplish it. The result of this heat was so different from what the northern sportsmen had calculated upon, that the mercury fell instantly below the freezing point. Bets three to one that *Eclipse* would lose the second heat were loudly offered, but there were few or no takers. Time of running the heat, 7 minutes 40 seconds.

*Second Heat.*—The time having elapsed for breathing, the horses were again brought up for the 2d heat, but it had been determined in the interim to change *Eclipse's* rider, as has often heretofore been done, and behold who should appear but *Purdy*. He soon mounted, and at the word both went off. *Henry* took the lead, as in the first heat, and kept it until about two-thirds round on the third mile, when *Purdy* made a dash at him and passed him on the left; and maintained the ground he had gained to the end of the 2d heat, coming out about two lengths ahead.

The mercury in the sporting thermometer immediately rose again to pleasant summer heat, and the backers of *Eclipse* were now ready for any thing that offered; they proposed to bet even, but there were no takers.

Confidence was again completely restored to the friends of *Eclipse*. Time of running this heat 7 minutes 49 seconds.

*Third Heat.*—When the horses were brought up for this heat, a jockey named *Taylor*, known for many years on the Southern courses, made his appearance, when it was announced, that he would ride *Henry* the 3d heat instead of the boy who had rode him the two former. The course once more cleared, off they went, *Purdy* taking the lead and keeping it to the end of the race, came in about three lengths ahead of his antagonist. The air was now rent with shouts of extacy, from the *New Yorkers*, and the press around the judges' stand for a short time was so great that nothing could overcome it. The whole course was blocked up in one solid mass of men, ten thousand deep. Order, however, was at length restored, the riders were weighed, every thing found right, and *Eclipse* pronounced the victor.

It is judged there were upwards of fifty thousand spectators on the field, and it is with great satisfaction that we add, that as far as we can learn, no serious accident occurred to mar the pleasures of the day.

It should be remembered that by the rules of the Jockey Club, the weights carried on the Northern Courses are much greater than on the Southern; in consequence *Henry* was obliged to carry eight pounds more than when he won the laurel, a few days since, at the *New Market* course, *Petersburg*. The weights carried by each horse were—*Eclipse*, 126 pounds—*Henry*, 108.

The gentlemen belonging to the Association for the encouragement of the breed of horses, together with a number of invited guests, dined at their Pavilion in front of the race course. During the afternoon and evening the utmost harmony prevailed, a number of appropriate and pointed toasts were drunk and several excellent songs given with good taste.

## Third and Fourth Day's Race.

In consequence of the rain on Thursday, the race for the third day's purse of \$600 was postponed till 12 o'clock, Friday, and the time of starting for the fourth day's purse of \$300 changed from 1 to 2 o'clock; thus both purses were run for in one day. For the \$600 purse only two horses entered, viz; Mr. Johnson's *Childers*, and Mr. Jackson's mare *Slow-and-Easy*—three mile heats. At 12 o'clock they started, *Slow-and-Easy* taking the lead and keeping it for the first mile, but was passed by *Childers* on the second mile, about an eighth of a mile beyond the judges stand, who kept the lead on that and the third mile, coming in about 4 lengths ahead of his antagonist. In the 2d heat *Childers* took the lead and distanced *Slow-and-Easy*—Time of running 1st heat 6m. 7s.—2d heat 5m. 53s.

The three hundred dollar purse was run for at 2 o'clock by Mr. Johnson's horse *Henry*, (the same who contended with *Eclipse* in the match race, Mr. Jones' mare *Jane-on-the-Green*, and Mr. Baxter's horse *Moses*. In the first heat, the running between *Henry* and *Jane-on-the-Green* was close, till near the end of the second mile, when *Henry* gained and came in a few lengths ahead—*Moses* following behind, but in time to save a distance. The 2d heat was taken with ease by *Henry*, distancing *Moses*—Time of running 1st heat, 3m. 59s. second heat, 4m. 2s.

Those who wish to receive the drawings will mention it when they send on their Orders.

Baltimore, June 5, 1823.

## Halves, Quarters and Eighths.

The demand for Share-Tickets in the GRAND STATE LOTTERY continues unprecedented.—They are issued at COHEN'S OFFICE, by authority of the ACT OF ASSEMBLY. The advantage to the adventurer in purchasing Shares, is in the increased number of chances obtained for the *same amount of money* which would otherwise be invested in a whole Ticket—and when we consider the great amount of the Capital Prize of ONE HUNDRED THOUSAND DOLLARS in the Grand State Lottery, we are not surprised at the demand for the Shares, as an HALF TICKET, which costs only *six dollars*, may produce FIFTY THOUSAND—A QUARTER Ticket, which costs only *three dollars*, may produce TWENTY-FIVE THOUSAND—and an EIGHTH Ticket, which costs but the trifling sum of *one dollar and fifty cents*, may produce to the adventurer no less than TWELVE THOUSAND FIVE HUNDRED DOLLARS!

☞ Orders from any part of the United States, by mail (post paid) or by private conveyance, enclosing the cash, or prizes in any of the Baltimore Lotteries, will meet the same prompt and punctual attention, as if on personal application, addressed to

J. I. COHEN, Jr.—Baltimore.
